

Some Important Points

- The Cellsafe® **Radi Chip**® is designed to be applied only once. Once fitted, it should not be removed as this can damage the internal structure.
- The Cellsafe® **Radi Chip**® should not be tampered with in any way or cut down to a smaller size. The internal structure inside the Cellsafe® **Radi Chip**® has been engineered to strict standards. Correct placement of the Cellsafe® **Radi Chip**® is essential for optimum performance.
- The Cellsafe® **Radi Chip**® is slim enough to fit inside all mobile phone cases however it should not be used with aluminium mobile phone cases or mobile phone cases made wholly or partly from any metal as this may affect the performance of the product.

Instructions on how to apply the Cellsafe® Radi Chip®

Radi Chip®

Reducing exposure
from mobile phone radiation
